Save Money

CYCLOBLOWER H.E. VS. STRAIGHT LOBE

BLOWER TECHNOLOGY	BHP USED @ 15 PSI	ENERGY COST PER YEAR
Standard Straight Lobe	163	\$106,695
CycloBlower H.E.	129	\$84,604

*Calculations based on the cost of providing 2,000 cfm of air for 8760 hours (1 year of 24/7 operation) assuming motor drive efficiency of 90% and electricity cost of \$0.09/kWh.

\$22,090

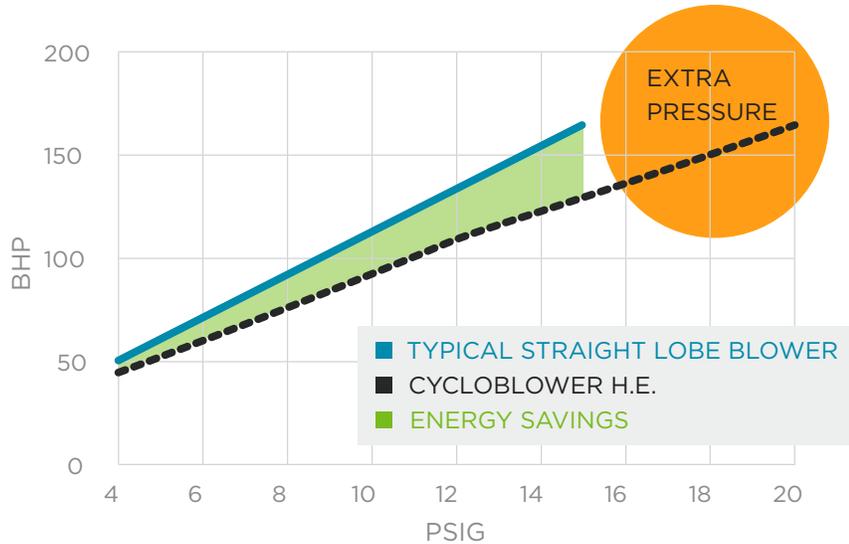

ANNUAL SAVINGS

It's all about...

HIGH PRESSURE

BRAKE HORSEPOWER REQUIREMENT COMPARISON
at 2000 CFM

Innovation Working for You!

- In many comparable applications, the CycloBlower operates more efficiently
- CycloBlower H.E. delivers higher pressure than other straight-lobe blowers
- Lower Horsepower = Lower Operating Costs
- Higher Pressure = New Conveying Possibilities

The CycloBlower H.E.

- Can support dense phase conveying
- Oil-free compressed air
- Eliminates the need for traditional air compressors
- Best-in-class energy efficiency

It's all about...

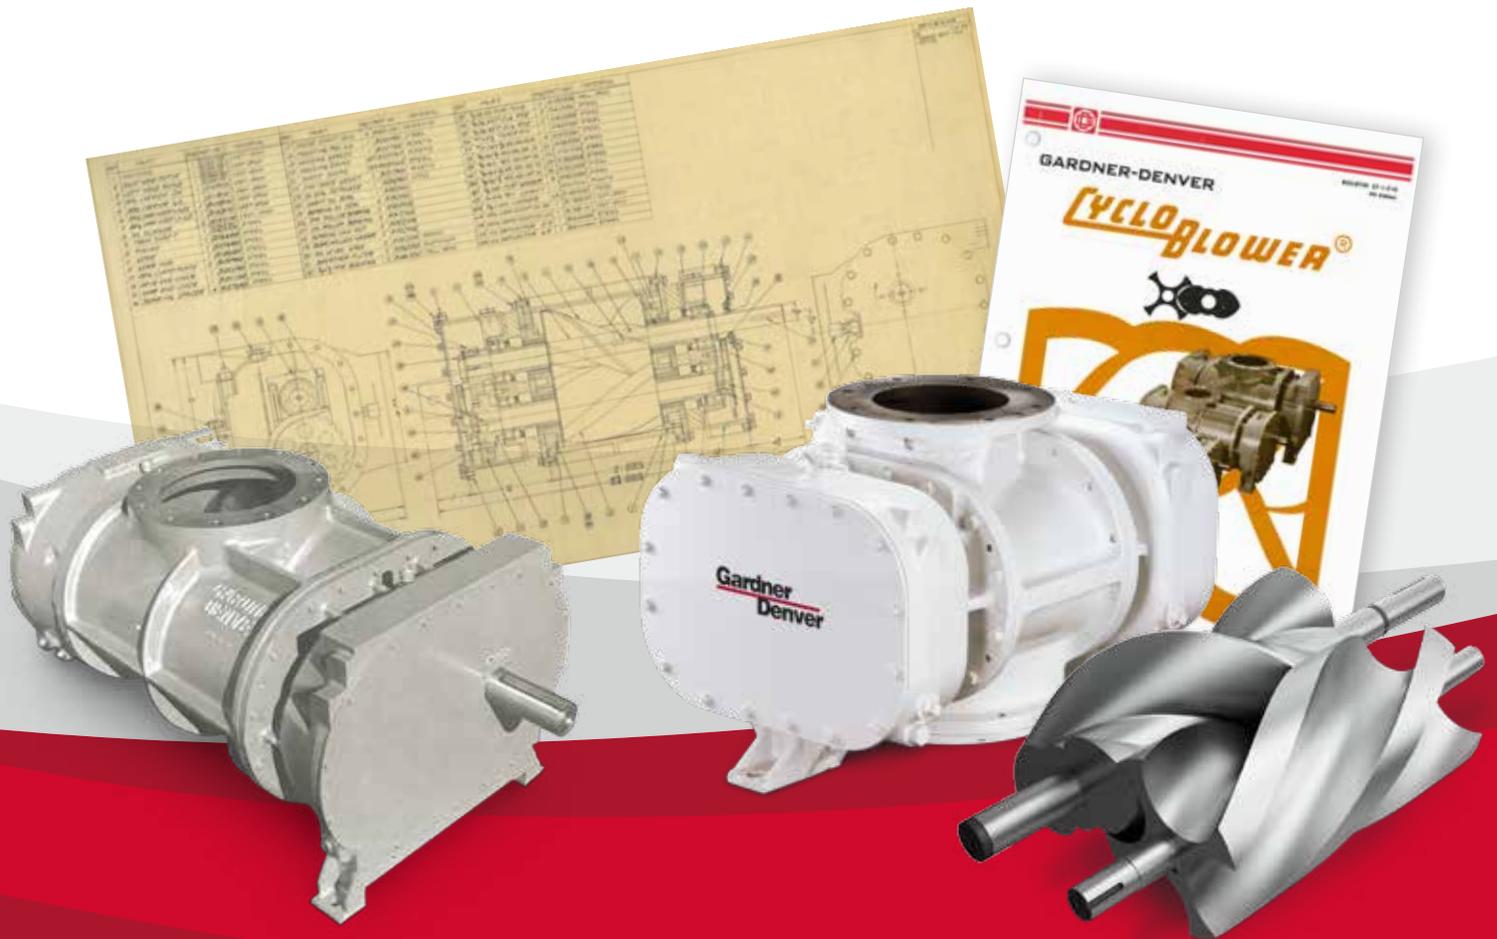

the LEGACY

The ORIGINAL Rotary Screw Blower

A Reputation Earned by a Proven History of Quality, Reliability, and Performance

CycloBlower: Unique Screw Design

- Decades of proven results
- Efficient, shock-free compression
- Dependable quality
- High capacity
- Energy savings made possible by screw design
- Ideal for continuous operation
- Can be used for dense phase applications
- Clean air/gas delivery
- Installation flexibility
- Low cost installation

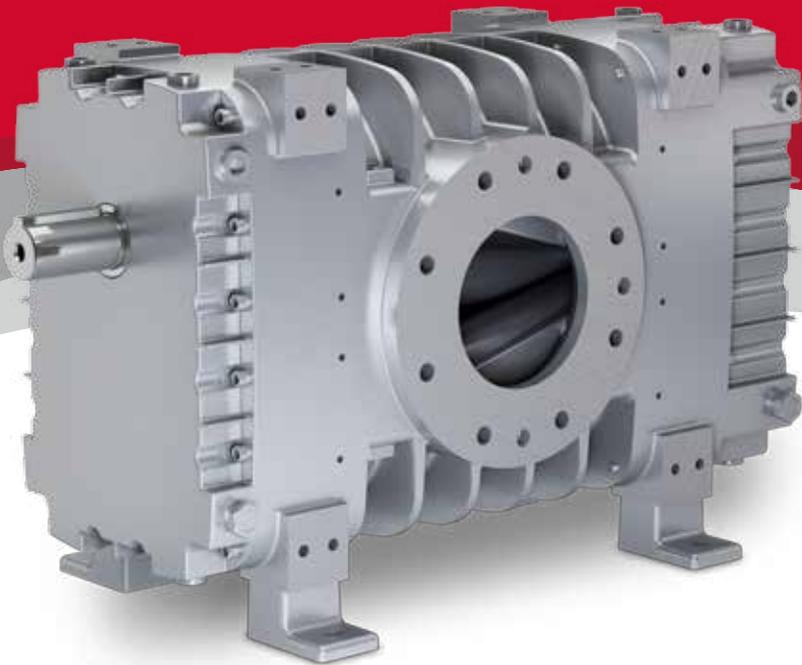

Experience Matters: Over 25,000
CycloBlower Installations World-Wide

It's all about...

the PULSE

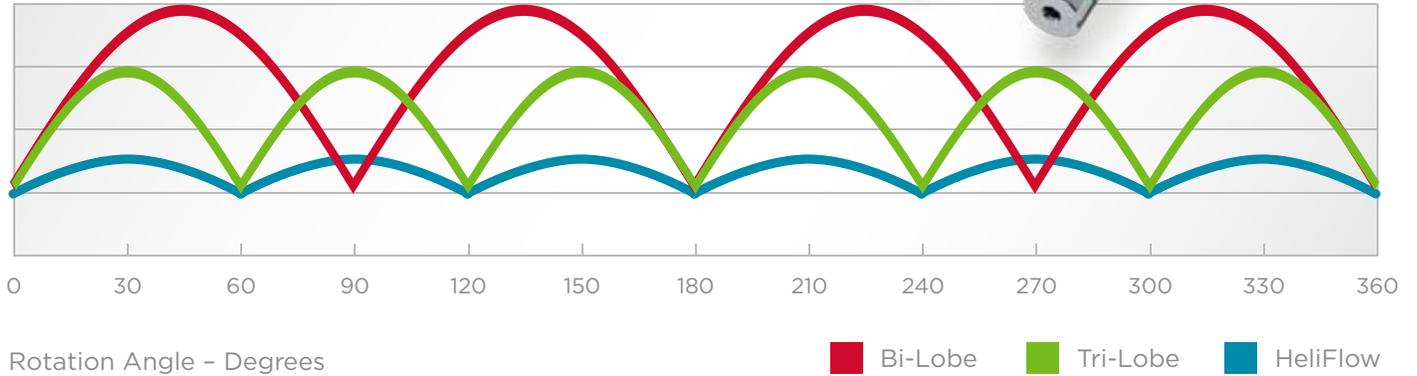

Protect your ears,
Protect your **WORKFORCE**

CHANGE IN PRESSURE PULSE

The HeliFlow Series

REDUCED PULSE = LOWER NOISE = QUIETER OPERATION

Lower Noise

Discharge pulsation is the chief contributor to high noise levels. HeliFlow provides the lowest pressure pulse in the lobe blower market. This reduces noise levels by 4-7 dBA over similar sized, straight-lobe blowers.

Reduced Pulsations

HeliFlow provides more consistent flow variation, reducing the potential for damage to downstream valves and instrumentation.

Higher Reliability

Discharge pressure pulsation causes axial thrust and higher variations in torque resulting in reduced bearing life. The HeliFlow smooth pulse operation extends the life of the blower.

It's all about...

the TRI-LOBE

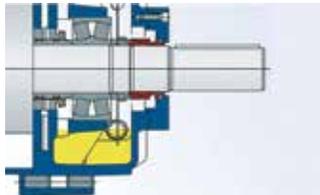

Available in 29 Sizes

The RBS Series Delivers

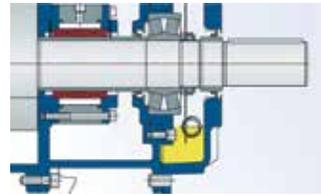

- Solid Tri-Lobe Rotors Offer Quiet, Efficient Operation
- Robust Design for Reliability
- Flexible Mounting Options for Easy Drop-in Replacement
- Dual Splash Lubrication
- 100,000 Hour Bearing Life
- Increased Efficiencies

Options

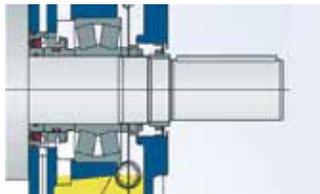

- Stainless Steel Options
- High Vacuum Options
- Force Feed Lubrication
- Pre-Package Availability
- Special Seal Options

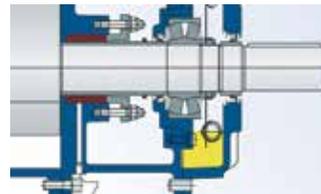

Single Mechanical Seal

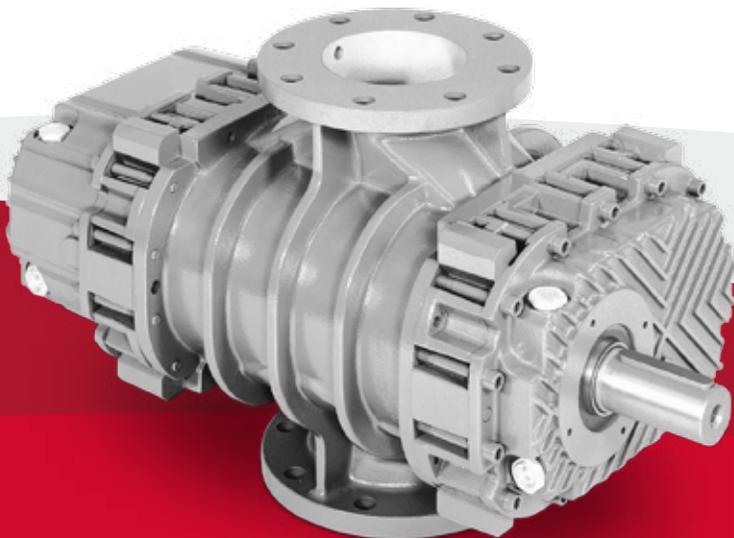

Double Mechanical Seal

Lip Seal

Gland Seal

Design Advantages

Dual Splash Lubrication

Reliable dual splash lubrication on both the drive and gear ends for longer product life.

Helical Gears

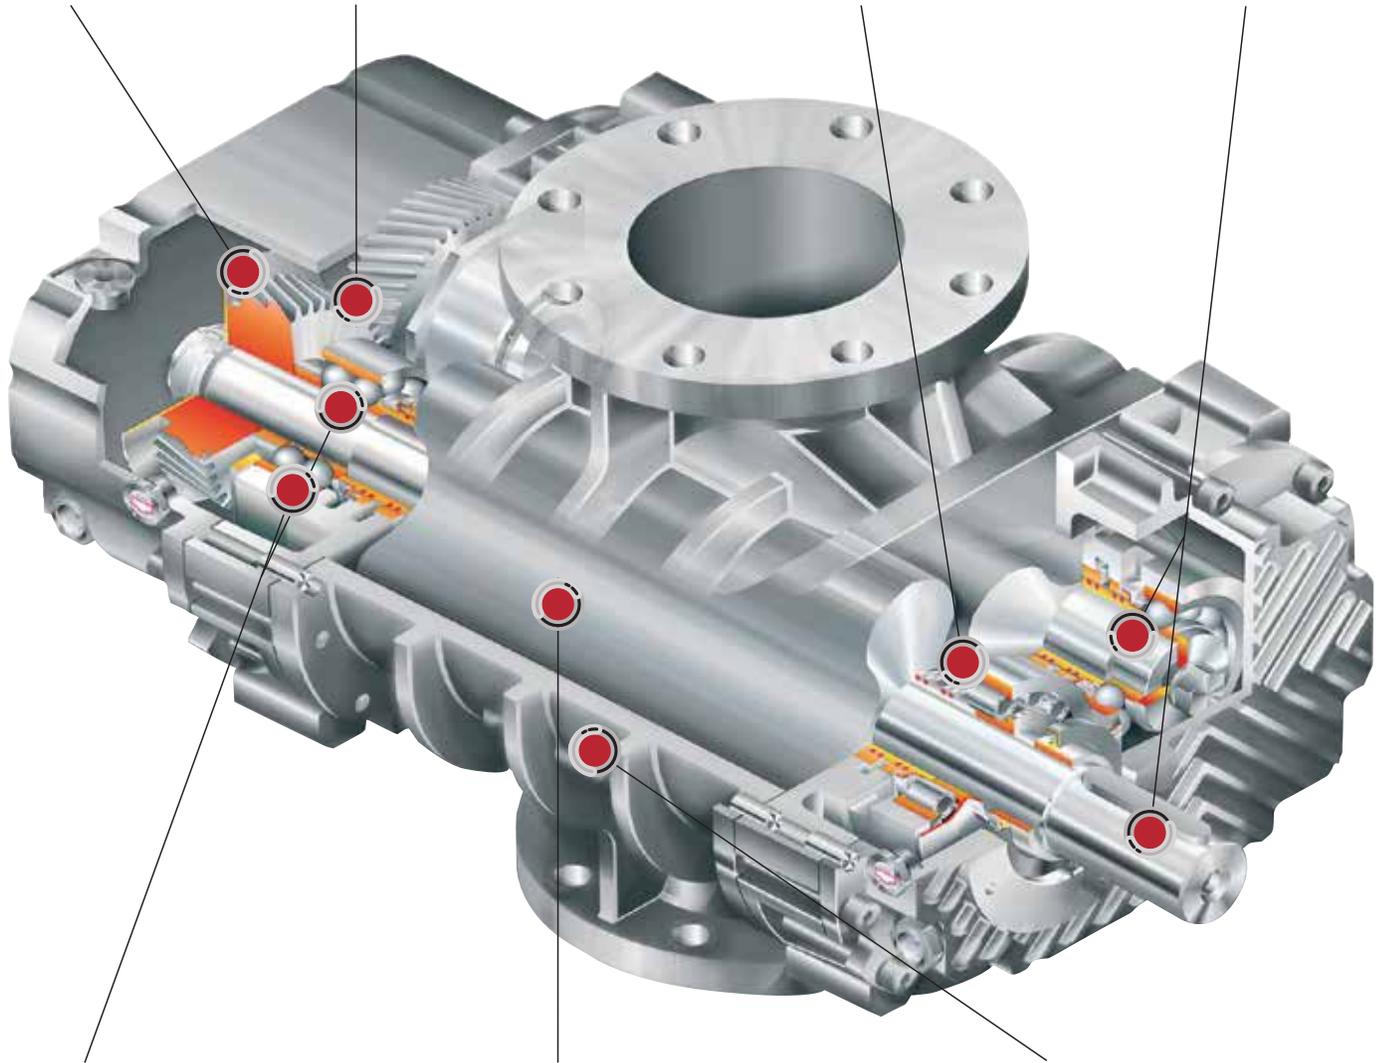

Helical timing gears for smooth and quiet operation at all speeds.

Leak Free Operation

Piston rings and flinger maximize seal life in continuous severe duty applications.

Durable Shafts

High strength shafts that allow higher operating pressures and rotation speeds.

Long Life Bearings

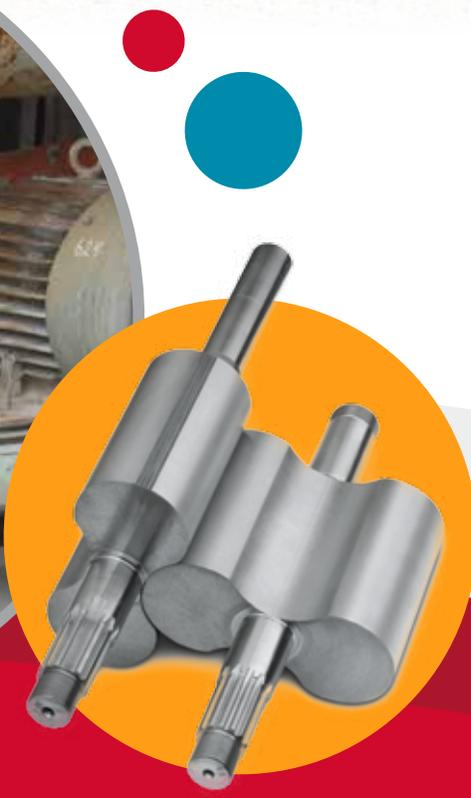

Reinforced roller bearings are calculated for a lifespan of 100,000 hours under the most severe operating conditions.

Three-Lobe Rotors

Involute Three-Lobe Rotors offer the highest performances and efficiencies.

Single Piece Cylinder

High strength impeller case is heavily ribbed and machined from a single piece of cast iron to retain internal clearances and improve heat dissipation.

It's all about...

TOUGHNESS

Designed for Dusty, Abrasive Environments

- Single piece, high-strength rotor casting
- Oversized bearings
- Dual-splash lubrication
- Advanced oil and air seals
- ISO 9001 quality certified

Built for YOU, Built to LAST

COOL AIR

Sutorbilt 8000 Series

Sutorbilt 4500 Series

Our blowers are designed to **run cooler & protect** your product

Sutorbilt Legend Series

Hot Air Spoils Product

Sutorbilt

- Coolest in its class
- The most versatile blower available
- Over 240 configuration options
- Grease- or dual-splash lubrication
- Quiet series option

For over 75 years, the Sutorbilt family of positive displacement blowers and vacuum pumps have been synonymous with quality and reliability. The Sutorbilt line is at the heart of an ever-expanding variety of air solutions working every minute of every day around the globe.

It's all about...

the Complete Package

Gardner Denver has more blower package options than anyone else

We can help you customize your system to meet your needs. More technology designs provides tailored options for you.

- Smart Design
- Easy Maintenance
- Compact Installation
- Quiet Operation
